

Christians welcome  
**Brian Warner**  
and the  
**Marilyn Manson Fans.**

**W**e expect that you're going to get some hassle from people who believe that you and your fans are a bunch of Jesus hating anti-Christians. They'll come with their signs and think that they're doing Jesus and the Christian Gospel (good news) a favor by rebuking you. We apologize for this. Not all Christians are mature, biblical Christians. We believe that we have read the New Testament right and as Christians we have no business joining with them in trashing you. You see, we agree with you that the Christian church has more than its share of hypocrites...people who claim to believe one thing and then do just the opposite. We're just as shut off by this as you are.

*Here's a test!*

If Jesus (*not the religious Jesus but the REAL Jesus*) had \$50,000 what would he do with it? Would he buy a new pipe organ or feed the hungry? We think that you know the answer to this question. You know what? you're kicking around a religion assembled Frankenstein, not the Bible Jesus. The Bible Jesus really doesn't come off that bad, does he?

*The REAL Jesus  
upset the religious establishment  
far more than you ever will.*

→ *Those Christians that despise you have the wrong Jesus.  
The problem is, you have the wrong Jesus too  
and your idea of Jesus is not much different than theirs.*
